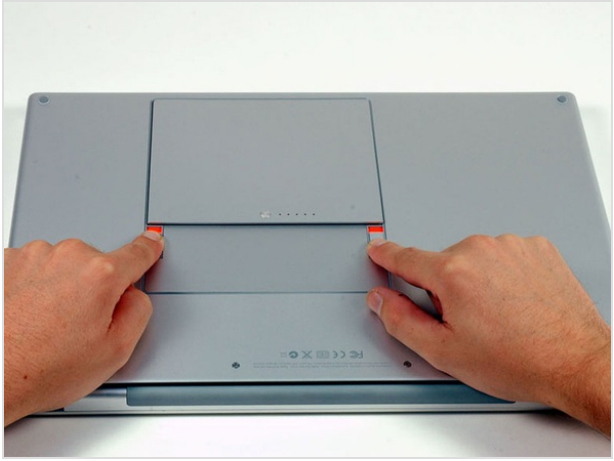
Installing MacBook Pro 15" Core Duo Model A1150 Battery

Author: iRobot

Parts relevant to this guide

- MacBook Pro 15" Battery (1)
- MacBook Pro 15" Replacement Battery (1)

All you need to remove the battery is your fingers!



Step 1 — Battery

- Use your fingers to push both battery release tabs away from the battery, and lift the battery out of the computer.

To reassemble your device, follow these instructions in reverse order.
