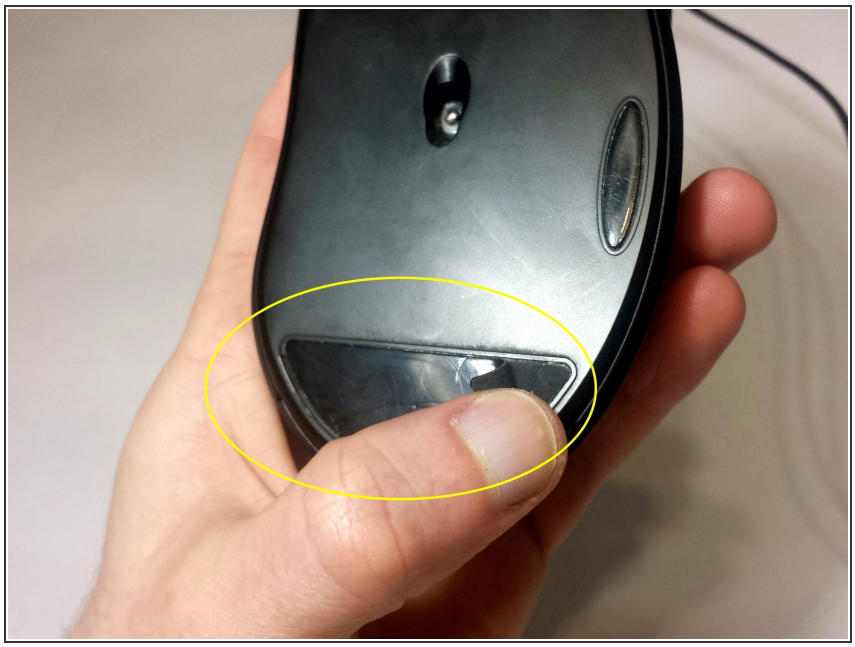
Step 1 — Mouse skates



- Use a Jimmy to remove the mouse feet. Be careful to remove any film left by the mouse feet as well.

Step 2

- Remove the top mouse foot using a Jimmy and the same technique as in Step 1.

Step 3

- The smaller skate will go on the top portion of the mouse as shown.
- The larger skate will go on the bottom portion of the mouse.
- Take care to press both mouse skates firmly into place.

To reassemble your device, follow these instructions in reverse order.
