

LG Stylo 2 Plus Battery Replacement

Instructions on removing and replacing the battery in the LG Stylo 2 Plus.

Written By: Noah Kehm

INTRODUCTION

If your LG Stylo 2 Plus is experiencing problems charging, not holding a charge for long, or will no longer turn on it might be time to replace is battery. Battery replacement on this device is a simple task, but you need to remember to gentle; the back is made of plastic and can break.

TOOLS:

- [Spudger](#) (1)
-

Step 1 — Rear Case

- To remove the rear case of the phone, insert the spudger into the opening on the back of the case.
- With the spudger parallel to the frame of the phone, slide it along the edge, forcing the casing to pop off.

Step 2 — Battery

- To remove the battery, insert your fingernail or the flat end of the spudger into the dimple at the bottom of the battery and lift upwards.
- Firmly grasp the battery and remove from the phone.

To reassemble your device, follow these instructions in reverse order.

Please dispose of the old battery properly by bringing it to a electronics recycling facility or calling the phone number on the back for more instructions.
