

OLPC XO-4 Touch Battery Replacement

This guide will walk you through the process of replacing a dead or dying battery in the OLPC XO-4 Touch

Written By: Robby Hubilla

INTRODUCTION

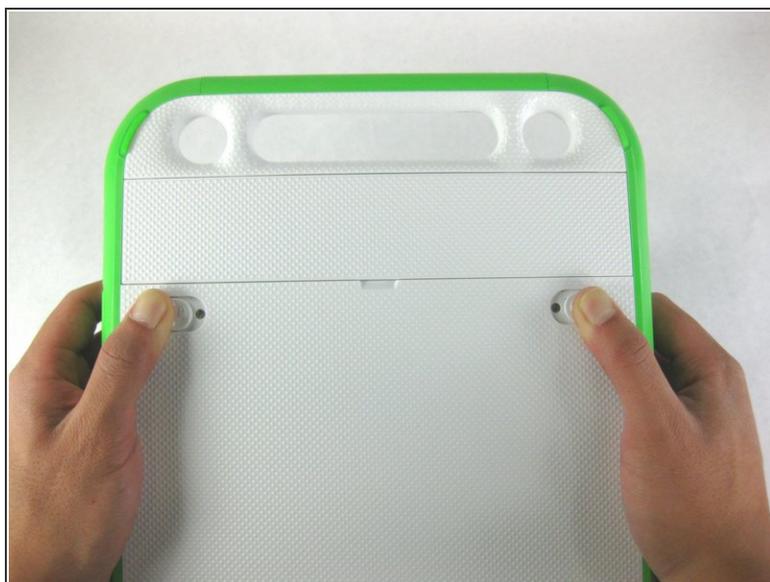

Use this guide to replace a broken or dead battery.

Step 1 — Battery

- Turn the laptop upside-down, with the handle facing away from you.

Step 2

- Pull the lock tabs towards the green outer edges of the laptop.
- Hold the left lock tab in the unlock position until the battery is completely removed in the next step.

Step 3

- Lift up on the middle of the battery to remove it from the device.

To reassemble your device, follow these instructions in reverse order.
