

Acer Aspire V5-473P-5602 Back Panel Replacement

Before using this guide, please refer to the...

Written By: Chris Bose Paguirigan

INTRODUCTION

Before using this guide, please refer to the [troubleshooting page](#) as some issues can be resolved without having to replace the back panel.

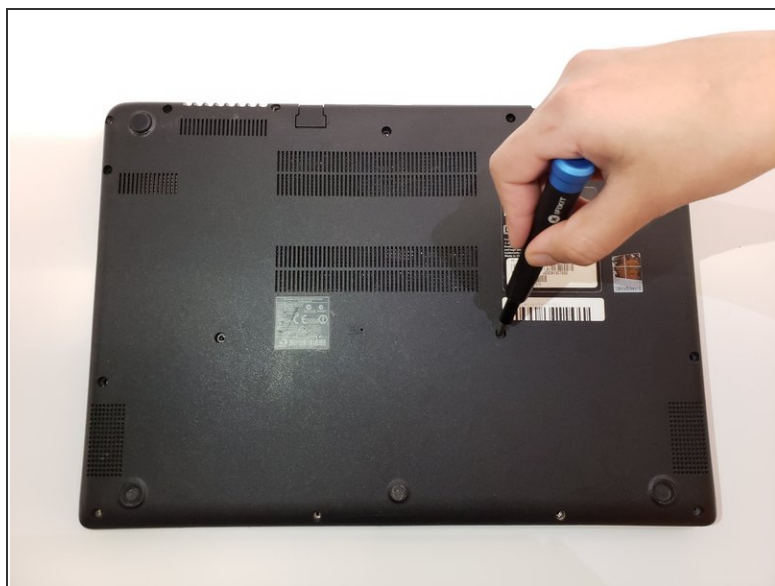

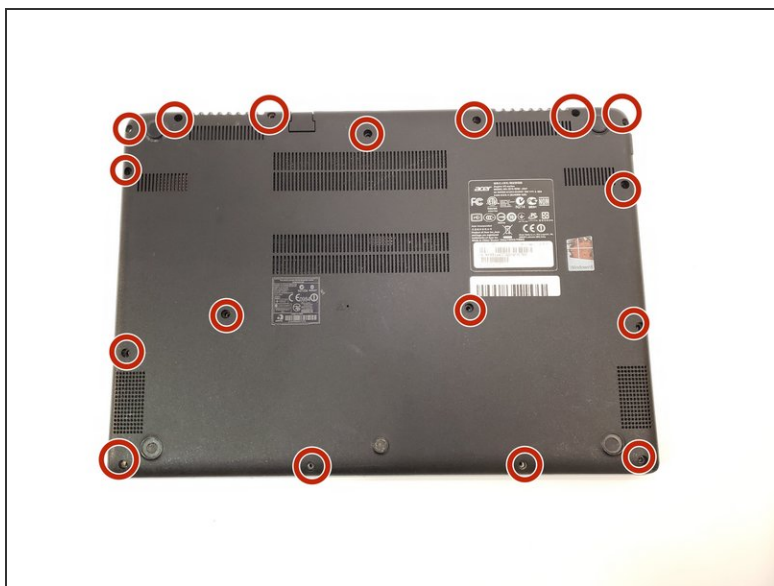

Make sure the device is powered off and unplugged from its power adapter before starting to prevent damage to the device as well as to prevent the risk of electric shock.

TOOLS:

- [iFixit Opening Tool](#) (1)
 - [Phillips #0 Screwdriver](#) (1)
-

Step 1 — Back Panel

- Flip the laptop over so the back panel is facing upwards.
- Use the Phillips #0 screwdriver to remove seventeen 2.5mm screws.
- Remove the back panel from the laptop using an iFixit opening tool.

To reassemble your device, follow these instructions in reverse order.
