

Blackberry Curve 9300 SIM Card Replacement

Replace SIM Card to switch phones and keep your original phone number.

Written By: Rory Stothers

INTRODUCTION

Please follow the steps listed below to quickly replace the SIM card located in the back of the phone.

Step 1 — Battery

- Place your BlackBerry face down in front of you.

Step 2

- Locate the indent on the bottom of the back cover.
- Use your fingernail to lift and remove the back cover.

Step 3

- From the top, use your fingernail to lift and remove the battery.

Step 4 — SIM Card

- Make sure phone is face down with the battery removed.

Step 5

- Place thumb on bottom of SIM card. Apply light pressure and slide SIM card up.

Step 6

- Lift up and remove.

To reassemble your device, follow these instructions in reverse order.
