

HTC Freestyle Battery Replacement

You will be able to take out and replace the cell phone battery.

Written By: Cody Haynes

INTRODUCTION

This guide is most useful for replacing a dead or damaged battery to allow your device charge and/or turn on.

Step 1 — Remove back cover

- Apply pressure to the dark plastic casing and slide the casing downward, off of the phone.

Step 2 — Open plastic flap.

- Fold the plastic flap open.

Step 3 — Reveal the battery

- Pull on the red tab to slide the battery out.
- Take out the battery.
- Replace with new battery.

To reassemble your device, follow these instructions in reverse order.
