INTRODUCTION

The following guide explains how to replace the charger port.

TOOLS:

- iFixit Opening Tools (1)
- Metal Spudger (1)
- Phillips #000 Screwdriver (1)
- Soldering Iron (1)

Step 1 — Charger Port

- Remove back cover.
- Remove the battery and simcard.

Step 2

 Remove the 12 screws (with the phillips head 000) around frame and near sim and sd cards.

Step 3

 Remove bottom plate where the charger port is located.

Step 4

Remove the back piece.

Step 5

 Using soldering iron, loosen the charger port from the bottom of the device.

Step 6

 Using a smudger, lift the charger port and replace as necessary.

To reassemble your device, follow these instructions in reverse order.
