

How to Replace the Battery from an Armitron All-Sport Watch

Replace the battery of your Armitron watch.

Written By: Jose Cabrera

INTRODUCTION

Replacing the battery of the Armitron watch will require disassembling most of the watch.

TOOLS:

- [Phillips #000 Screwdriver](#) (1)

PARTS:

- [CR 2016 3V Lithium Batteries](#) (1)

Step 1 — Battery

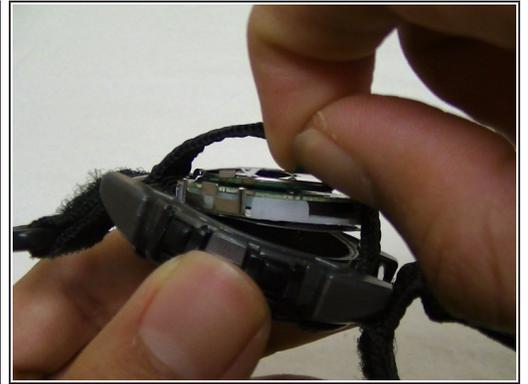

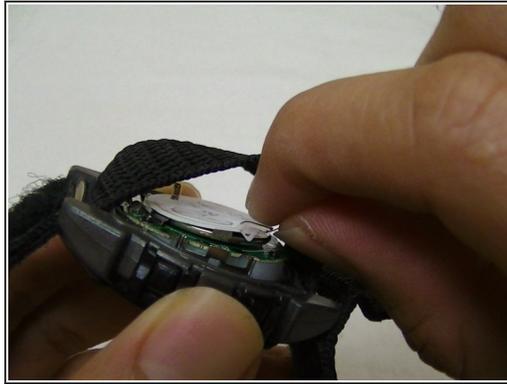

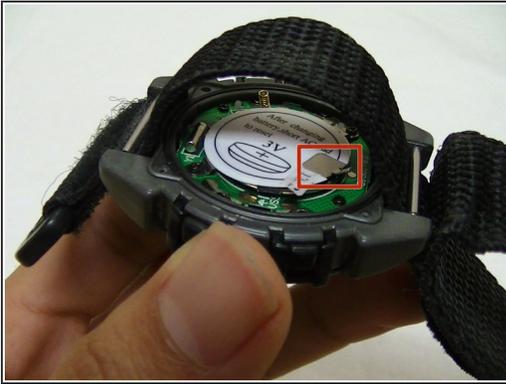

- Remove the back strap.
- Remove four 1.7 mm Phillips Pan Head screws.

Step 2

- Pull back on the strap, while keeping a finger pressed to the metal covering.
- Gently pull away the metal covering away from the watch.

Step 3

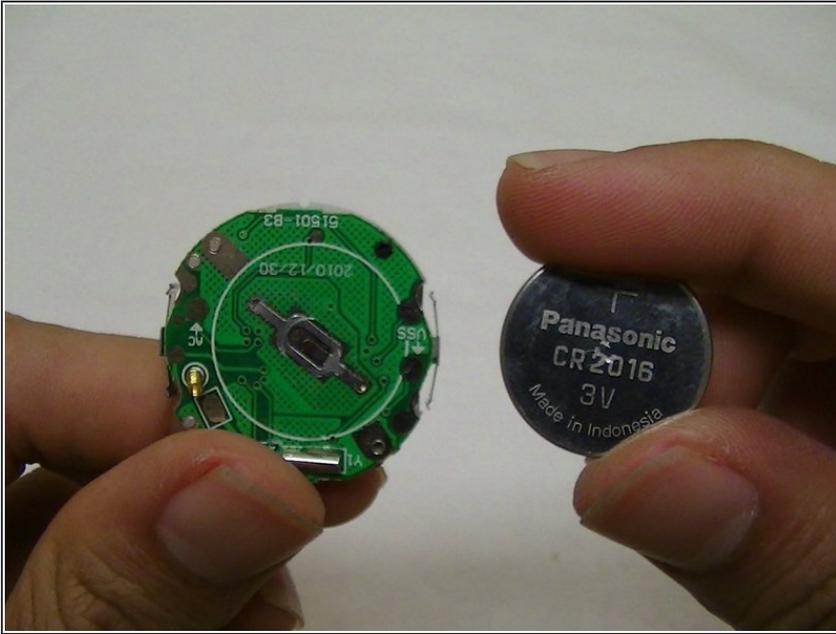

- Pinch the metal tab.
- Pull the chip up and out.

Step 4

- Remove two 1.5 mm Phillips Pan Head screws.

Step 5

- Remove the battery.
- ⓘ Take note of the orientation the battery is in for proper replacement.

To reassemble your device, follow these instructions in reverse order.
