This guide will show you how to remove the...

Written By: Colby Leslie

# INTRODUCTION

This guide will show you how to remove the phone's SIM card

## Step 1 — Battery

- Press the button on the bottom of the rear cover.
- Keep the button pressed while pulling the cover downward to remove the back cover.
- Lift the cover off.

## Step 2

- To remove the battery, push it down from the top and pull it out.

## Step 3 — SIM Card

- Open the small door covering The SIM card by pulling down from the top

## Step 4

- Lift the SIM card out of the phone

To reassemble your device, follow these instructions in reverse order.
