

# Canon PowerShot S410 Top Buttons Replacement

This guide will show you how to remove and...

Written By: Ryan Bolton

# INTRODUCTION

This guide will show you how to remove and replace the button panel on the top of the camera.

## TOOLS:

Phillips #00 Screwdriver (1)

### Step 1 — Battery

① Turn the camera with the bottom side facing up.

- Locate the panel labeled "Batt. Open"
- Place your finger on the panel and slide it in the direction of the arrow.
- The slot will swing open revealing the battery pack.

## Step 2

- Pull the orange lever and the battery will spring out slightly.

## Step 3

- Grasp the battery and fully pull it out of its slot.
- ☑ When placing the new battery back in the slot, the arrow on the battery must align with the arrow on the camera.

## Step 4 — Back Cover

- ① Start by laying the camera flat with the LCD screen facing up.
- Using the Phillips #0 screwdriver, remove the 3.8mm screw in the upper right corner.

## Step 5

- ① Position the camera with the bottom facing up.
- Twist the screwdriver counter-clockwise to remove the 4.8mm screw.
- Repeat to remove the two 2.3mm screws.

## Step 6

- ① Position the camera so that the rubber "AV Out Digital" tab is facing upward.
- Slide the rubber tab to reveal the bottom screw.
- Using the screwdriver, remove the two 3.7mm screws.

## Step 7

- ① Turn the camera with the back side facing you.
- Grip the edges of the back plate, and carefully slide it off.
- ① If there is any resistance in movement, double check there are no screws left in the chassis.

## Step 8 — Front Cover

① Orient the camera as in the picture.

- Remove the two 2.3mm outer screws using the Phillips #0 screwdriver.
- Remove the two 3.8mm screws near the strap bracket.
- Remove the small panel covering the mounting bracket.
- Remove the door covering the memory card.

## Step 9

- ① Rotate the camera so that the bottom side is facing you.
- Remove the 3.8mm screw below the mounting bracket using the Phillips screwdriver.

## Step 10

- ① Rotate the camera so that the front is facing you.
- Grasp the sides of the front cover and carefully pull the front panel off of the camera.

## Step 11 — Top Buttons

- ① Turn the camera so that the right side is facing you.
- Using your fingernail, gently pry up the clip holding the button panel in place along the side of the camera.

## Step 12

- ① Turn the camera so that the back side is facing you.
- Pry up this small clip with your fingernail.
- The button panel will dislodge from the top of the camera allowing you to remove and replace it.

To reassemble your device, follow these instructions in reverse order.
