INTRODUCTION

Use this guide to replace the battrey on your Graco Secure Coverage Digital Baby Monitor for the parent unit.

The battery replacement includes the battery replacement.

🔧 **TOOLS:**

iFixit Opening Tool (1)

Step 1 — Parent Unit Battery

- Using plastic opening tool, pry and remove the battery lid.

Step 2

- Remove the battery by holding the device with one hand and pulling the battery out with other hand carefully.

⚠️ Make sure that you disconnect the battery's wire before you remove the battery.

To reassemble your device, follow these instructions in reverse order.
