INTRODUCTION

Can't seem to charge your battery? It may be time to replace it. This guide will walk you through the simple steps to access and replace the battery from your Acer Aspire E5-571 laptop.

TOOLS:

Spudger (1)

Step 1 — Battery

 **Make sure the laptop is shut down.**

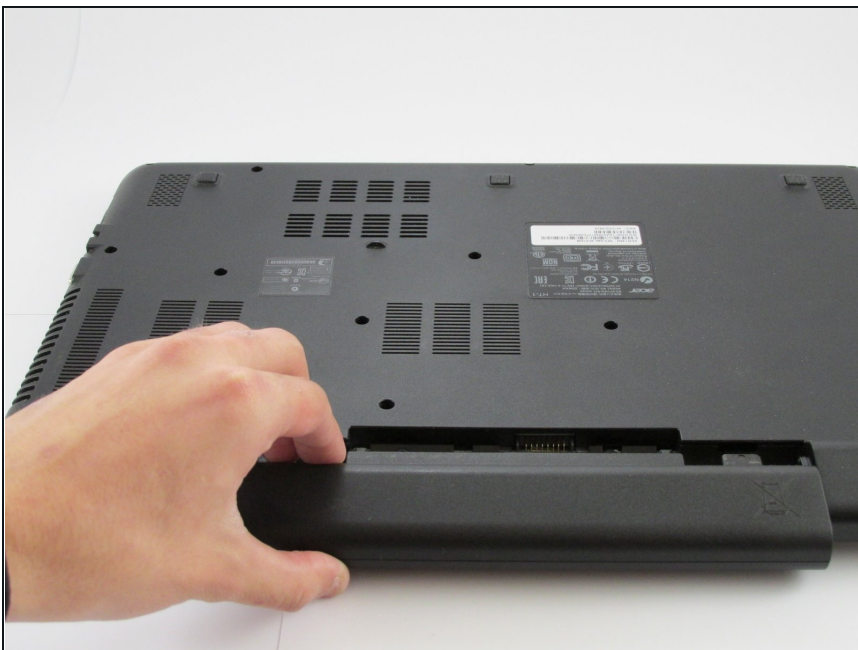

- Flip the laptop upside down. Rotate it so the battery faces you.

Step 2

- Place the pointed end of a spudger into the battery lock. Slide the battery lock to the left using the spudger. A "click" sound will accompany the release of the battery.

Step 3

- Pull the battery towards you to remove it from the laptop.

To reassemble your device, follow these instructions in reverse order.
