

Lenovo Yoga 3 Pro Speakers Replacement

Removal of dysfunctional or unwanted speakers.

Written By: Caroline Seifert

INTRODUCTION

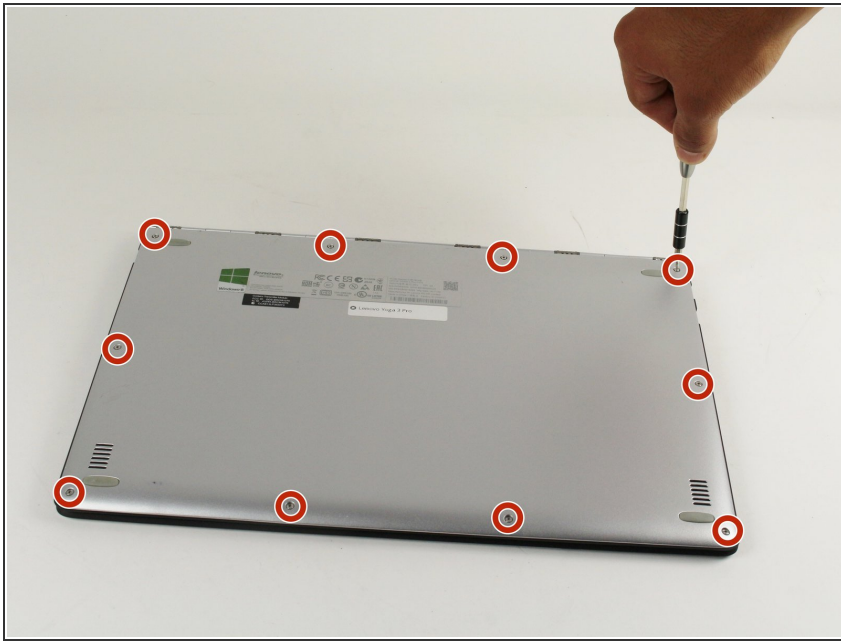

Using the speakers at the maximum setting for extended periods of time can damage the speakers, causing distorted and/or below average sound. The reason for dysfunctional speakers is not limited to the aforementioned. Should the speakers not be operating at peak performance or one is not satisfied with the speakers, this guide will help with their removal. The speakers in this laptop come connected as a pair, so remember to take out both when replacing them.
