

# JBL Charge 2 Plus Button Replacement

This guide will help you replace the buttons on your device.

Written By: Pochun Chang

 **TOOLS:**

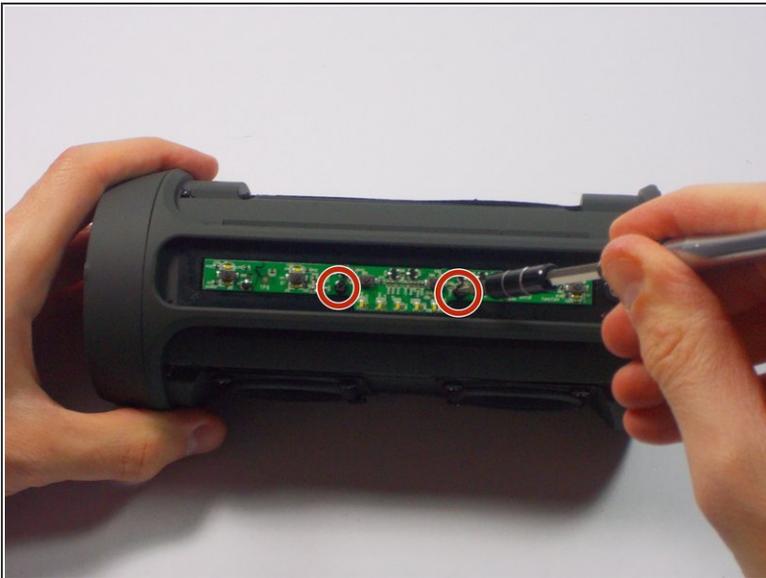

- [Metal Spudger](#) (1)
  - [Phillips #00 Screwdriver](#) (1)
  - [iFixit Opening Tools](#) (1)
-

## Step 1 — Button

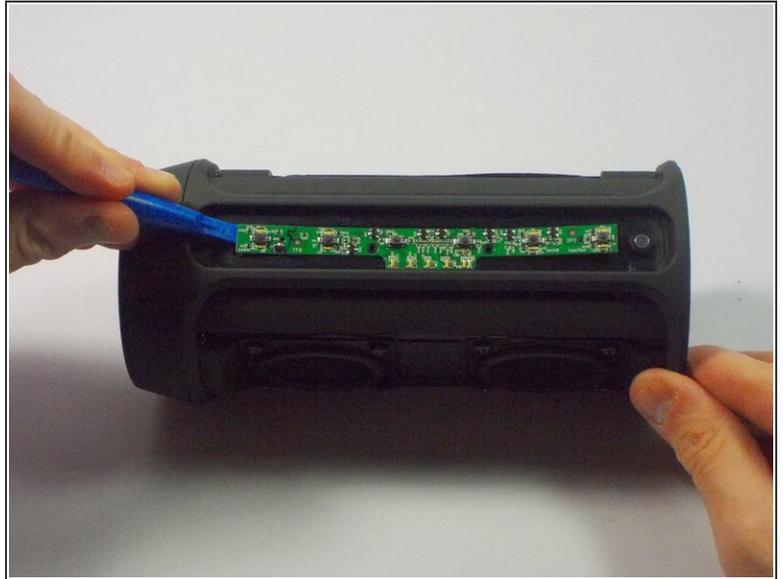

- Pry open the button pad with a spudger.

## Step 2

- Unscrew the 2 screws that hold the circuit board in place.

### Step 3

- Pry open the circuit board, starting from the two ends.
- Remove the circuit board.

 Do not use a lot of force when prying

To reassemble your device, follow these instructions in reverse order.
