

Ninja Kitchen System Pulse Blade Replacement

You will learn the simple task of removing the blade from the cup.

Written By: Cameron Just

INTRODUCTION

You will learn the simple task of removing the blade from the cup. Purchase a replacement [here](#).

Step 1 — Blades

- Begin by removing the blender from the base. This requires only a twist counterclockwise and a pull up.

Step 2

- Remove the lid and and pull straight up on the blender blade. It will come out easily.

This replacement is quick and easy; therefore if you are having problems with your blade, don't hesitate to check on them.
