

Garmin Nuvi 265WT Battery Replacement

Written By: Patricia Gonzalez

**TOOLS:**

- Spudger (1)

**PARTS:**

- Garmin Nuvi
200/205/250/255/260/265/270
Replacement Battery (1)

Step 1 — Battery

- Lift up the Mother Board

Step 2

- Slowly unclip by pulling the green, and red wire.

Step 3

- Use the nylon spudger to remove the battery.
- ⚠ The regular black nylon spudger should be used whenever possible, especially around batteries and other sensitive internal components.

To reassemble your device, follow these instructions in reverse order.
