

# Toshiba Satellite R15-S829 Battery Replacement

This is a guide to replace the battery.

Written By: Justin Slater

## INTRODUCTION

This guide will teach you how to replace the battery. This may be necessary if you cannot turn your laptop on or if the battery loses charge quickly.

## Step 1 — Battery Replacement

⚠ Unplug the charging cable from the laptop.

- Turn off the laptop.
- Turn the laptop over and locate the battery.

## Step 2

- Push the small switch near the corner of the laptop to the unlocked position.
- Push the bigger switch in the direction of the icon and pull the battery away from the laptop.

To reassemble your device, follow these instructions in reverse order.
