Protocol Dronium Two Rechargeable Battery Replacement

This guide is for replacing the rechargeable battery in the Protocol Dronium Two

Written By: Edwin Brietz

INTRODUCTION

This guide is for replacing the rechargeable battery in the Protocol Dronium Two. This repair doesn't require tools. A spare battery is not included in the packaging but can be bought from the Protocol store.

⚙️ **PARTS:**

- Rechargeable Battery (1)
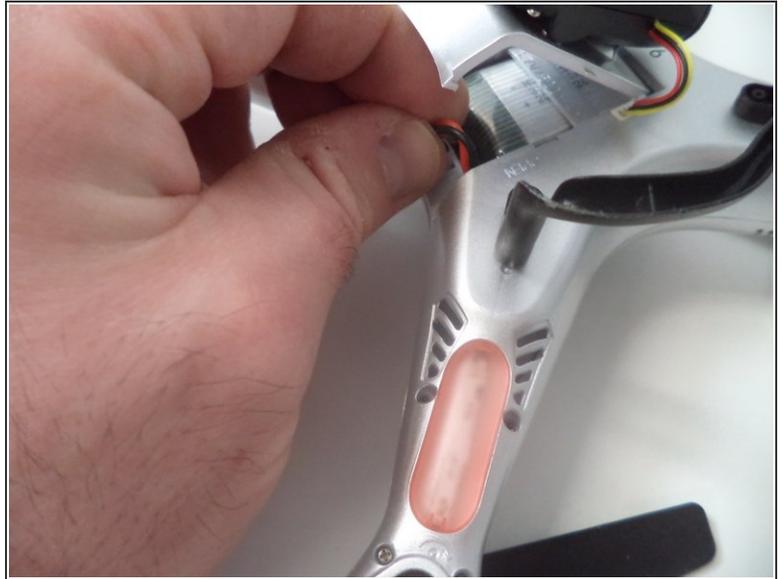

Step 1 — Rechargeable Battery

- Turn the drone off by moving the selector switch to the left.

Step 2

- On the underside of the drone, gently pull the battery compartment away from the drone.

- ⓘ Press down on the camera as shown to get a better grip.

Step 3

- If the power cable of the battery is connected to the drone, remove it by gently pulling it out.

Step 4

- Remove the battery from its compartment by sliding it out away from the drone.

To reassemble your device, follow these instructions in reverse order.
