PowerShot G7 X Mark II Battery Replacement

This guide will show you how to replace the battery, and secure the battery compartment door on the PowerShot G7 X Mark II.

Written By: Brandon

INTRODUCTION

This guide will show you how to replace the battery, and secure the battery compartment door. This guide will be useful if the battery is dead.

This document was generated on 2020-11-15 04:52:03 AM (MST).

Step 1 — Battery

- ● On the bottom of the camera, slide the latch on the battery cover toward the center of the camera.

- ● The spring-loaded battery door will open revealing the battery inside.

Step 2

- ● Move the latch from the top of the battery to release it.

- ● The battery is spring loaded and should pop out from the compartment.
