Step 1 — Battery

- To remove the battery, locate the battery cover on the bottom of the camera.
  - Using your thumb, press down on the cover and slide it outwards.

Step 2

- Depress the orange lever holding the battery in place to unlock it.

Step 3

- Use your fingers to remove the battery.

- Be sure to remember the alignment of the nodes for reassembly.

To reassemble your device, follow these instructions in reverse order.
