

Turtle Beach Elite Pro Headband Replacement

This guide will assist users in replacing the headband of the headset.

Written By: Alexis Uribe

INTRODUCTION

The purpose of this guide is to aid users in replacing a broken headband on their headset. It will show users how to replace a headband that is broken or damaged.

TOOLS:

- [Phillips #0 Screwdriver](#) (1)
-

Step 1 — Headband

- Using a Phillips #0 screwdriver, remove the three 4.5 mm screws from the adjustment plate on both the left and right side.
- ☑ When reassembling the headband, make sure the left and right sides of the headband line up with their respective designations.

Step 2

- Lift the headband from the headset and replace with the new one.

To reassemble your device, follow these instructions in reverse order.
