

Samsung Focus Camera Replacement

This guide will teach users how to replace the camera in the Samsung Focus.

Written By: Ignatius Tipligin

INTRODUCTION

This guide will teach users how to replace the camera in the Samsung Focus. The camera often has problems in most mobile phones, and it is relatively easy to replace.

TOOLS:

- [Spudger](#) (1)
 - [Phillips #000 Screwdriver](#) (1)
-

Step 1 — Camera

- Remove the back cover and take the battery out.

Step 2

- Using the PH000 screwdriver, remove the 7 screws in the back of the device

Step 3

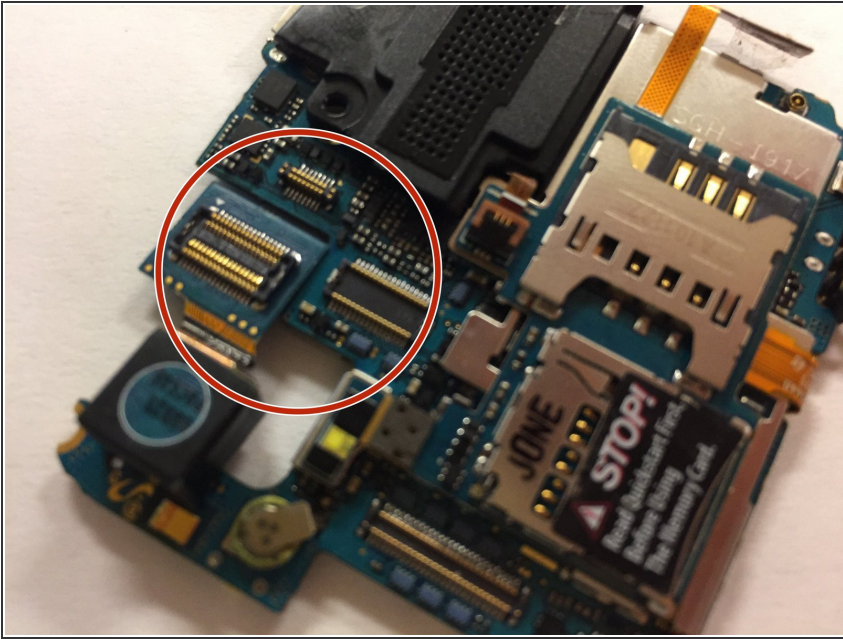

- Use the spudger to open and remove the rear panel.

Step 4

- Indicate the camera, and carefully disconnect it with the spudger.

Step 5

- Replace with a new camera.

To reassemble your device, follow these instructions in reverse order.
