

P775DM3 Hard Drive replacement

This tutorial explains how to remove a hard...

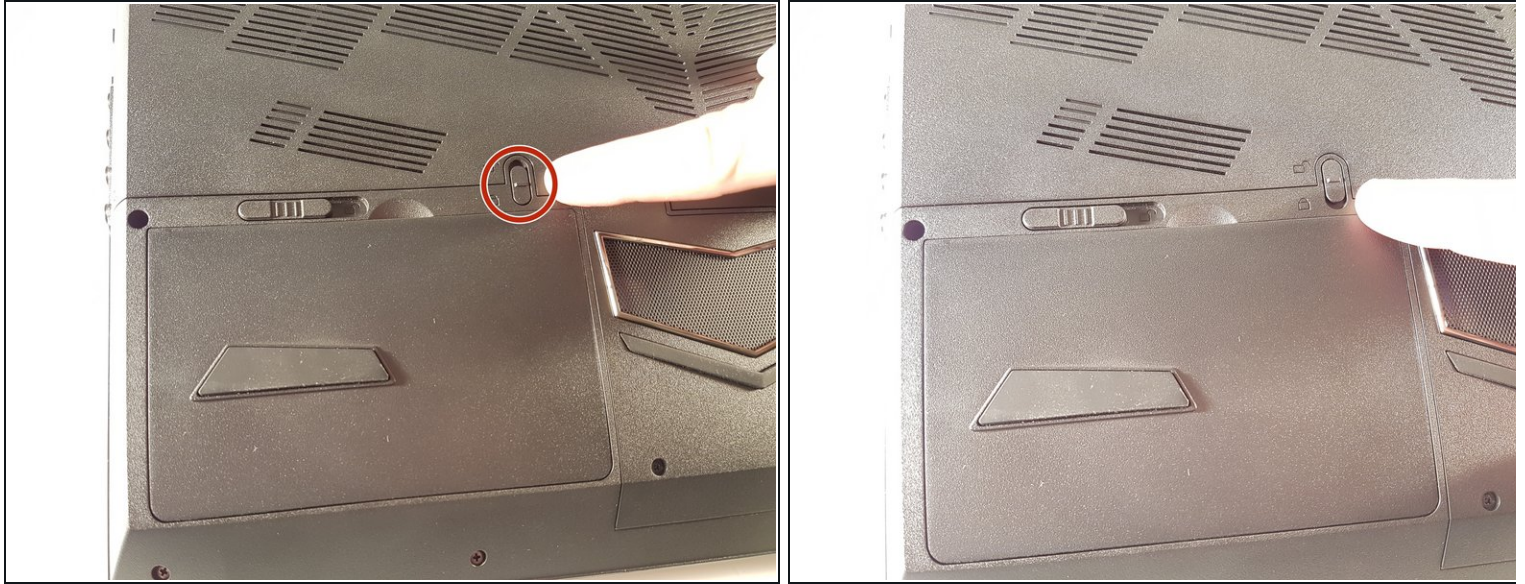

Written By: Felice Suglia

INTRODUCTION

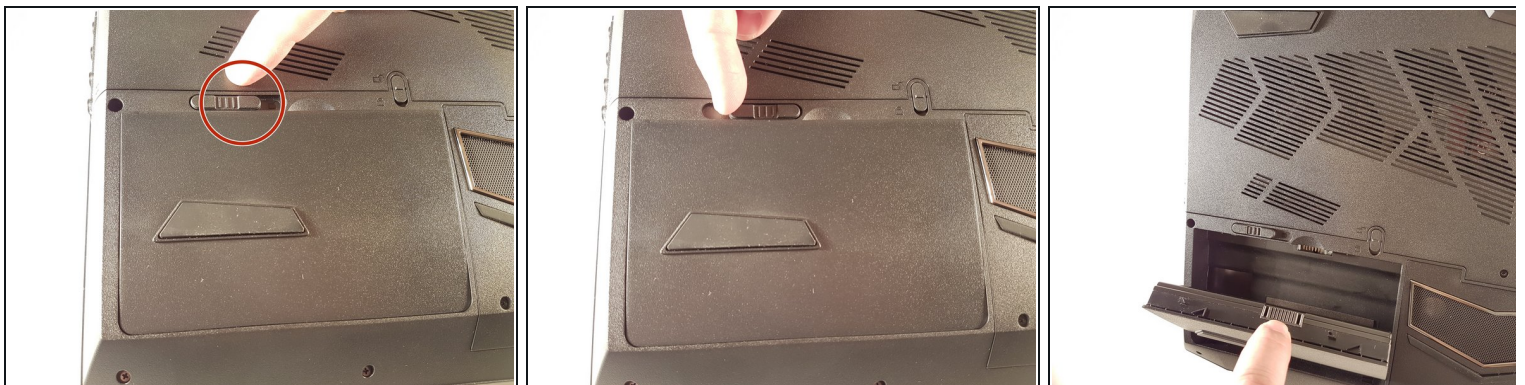

This tutorial explains how to remove a hard drive from a P775DM3 model.

Step 1 — Battery

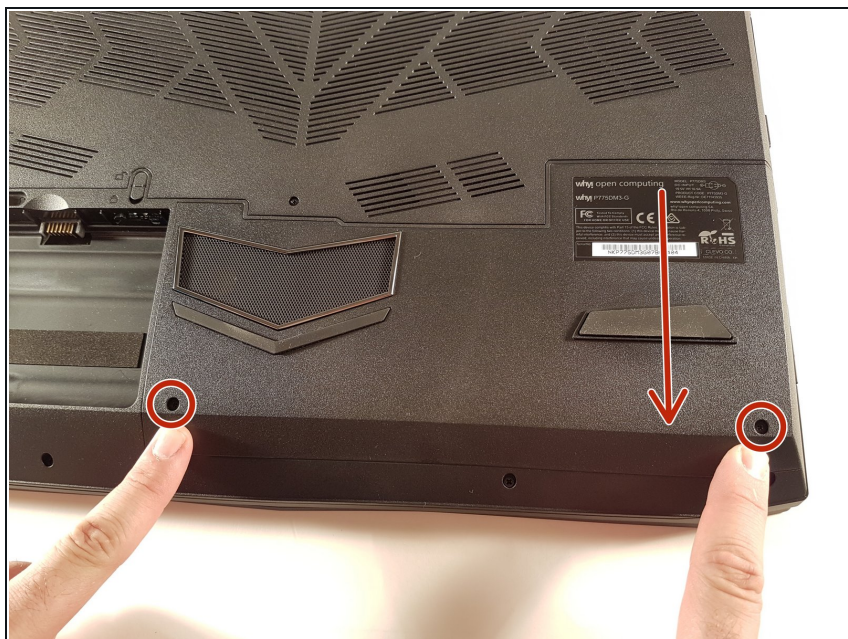

- Unlock the lock circled in red.

Step 2

- Lift the battery while unlocking the lock circled in red.

Step 3 — Disk access

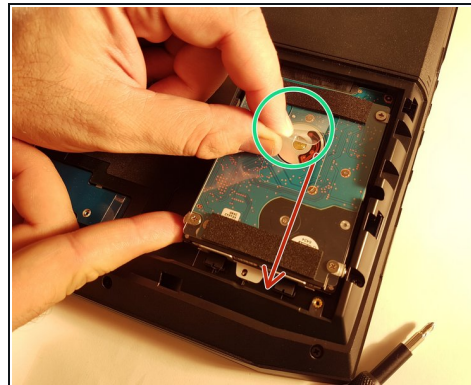

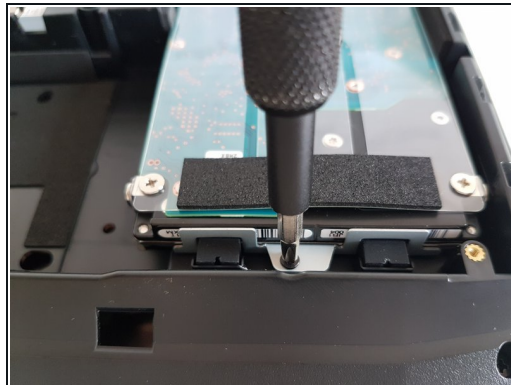

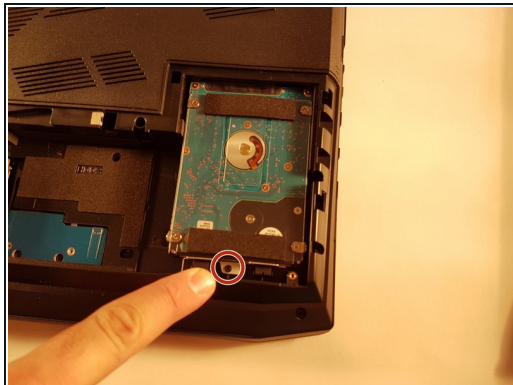

- Unscrew the two screws circled in red.
- Slide the plate in the direction of the arrow.

Step 4

- Lift the plate

Step 5 — Hard Disk Drive

- Unscrew the screw circled in red.
- Lift the disk with the green tab.
- Remove the disk in the direction of the arrow.

To reassemble your device, follow the instructions in reverse order.
