

Ninja Ultima BL810 Blade Replacement

This guide will demonstrate how to remove the blades on the single serving attachment.

Written By: Donald Syracuse

INTRODUCTION

This guide will demonstrate how to remove the blades on the single serving attachment.

TOOLS:

- [Slip Joint Pliers](#) (1)
 - [Towel](#) (1)
-

Step 1 — Single Serving Blade

- Remove the lid from the container by twisting the lid counter clockwise.

Step 2

- Use pliers to grip the nut on the bottom of the lid.
- ⚠ Make sure to hold tight on the blade with a towel or glove to make sure you do not cut your hand.
- Twist the pliers counter clockwise while holding the blade to remove from lid.
- ℹ Make sure to keep track of each piece once disassembled.

To reassemble your device, follow these instructions in reverse order.
