

Carrera Mario Kart 8 Peach Back Wheels Replacement Replacement

Are your back wheels worn out or damaged? This guide will help you get Peach back on the road by replacing the back wheels.

Written By: Kimberly Santos

**TOOLS:**

- [Phillips #00 Screwdriver](#) (1)

**PARTS:**

- [Carrera RC Mario Kart 8 Peach Back Wheels](#) (1)

Step 1 — Back Wheels Replacement

- Turn the car to its side.

Step 2

- Using the Philips screwdriver, unscrew the back wheel by turning the screw located on the middle of the wheel, while holding the wheel in place
- Carefully place the screw in a magnetic pad (or somewhere you won't lose)

Step 3

- Place the new wheel into the car and attach the new screw.
- Repeat the same steps for the other side of the car.

To reassemble your device, follow these instructions in reverse order.
