

# Lenovo IdeaPad Y580-2099 Keyboard Replacement

This guide will show you how to replace your keyboard.

Written By: Lauren

## TOOLS:

- [Phillips #1 Screwdriver](#) (1)
  - [Spudger](#) (1)
-

## Step 1 — Battery

- Slide out both locks for the battery, located on the back of the device.

## Step 2

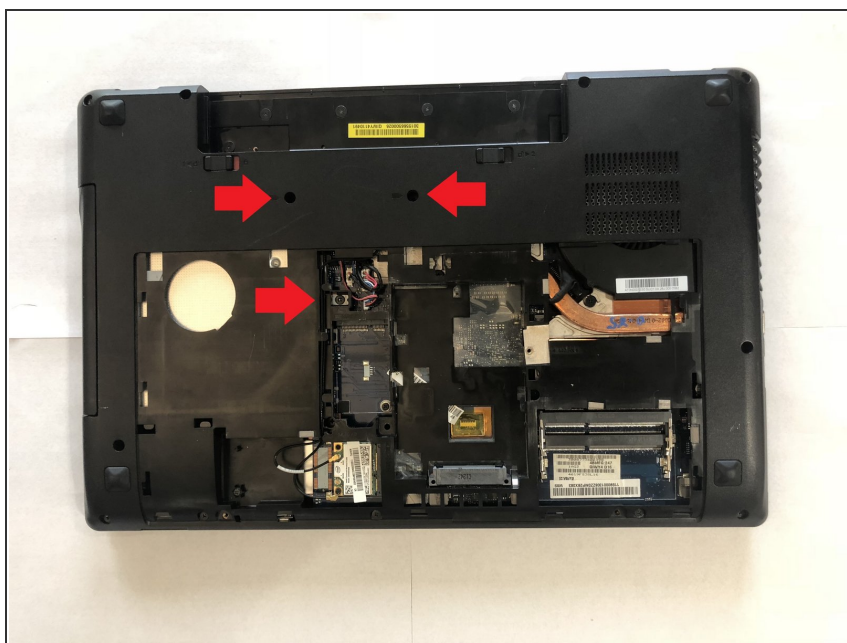

- Remove the battery.

## Step 3 — Keyboard

- Unscrew the 2 screws on the bottom of the device.
- Slide the back panel out.

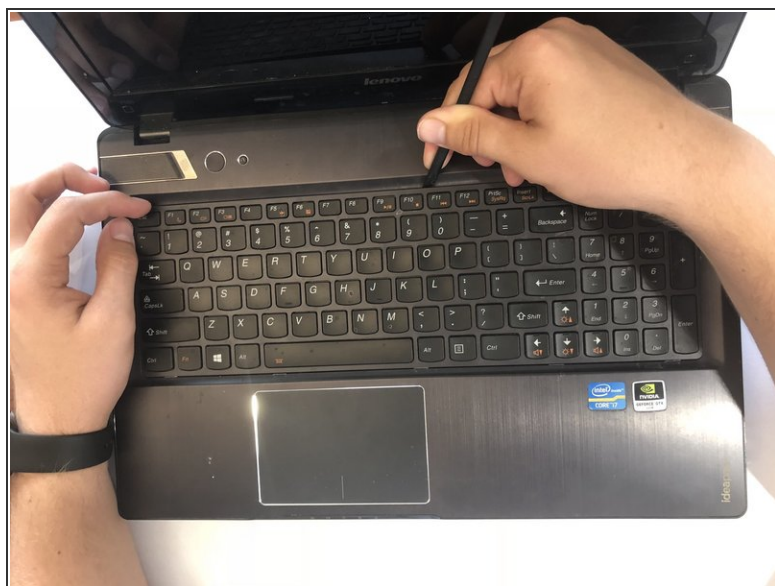

## Step 4

- Unscrew the 3 "keyboard" detected screws.

## Step 5

- Flip the laptop over and open up.
  - Then pry up the whole keyboard using the spudger.
- ⚠ Make sure to use a plastic spudger. You could damage the device using anything else.
- ⚠ Make sure not to take the frame that goes around the keys off. This part is not removable.

To reassemble your device, follow these instructions in reverse order.
